

NO FIGHTING

Of Any Consequence Reported from the Front

KUROPATKIN BLAMES ORLAFF

Japs May Have Something to Say Regarding Russia's Intentions To Winter in Manchuria.

RUSSIA MAY CHANGE HER INTENTIONS

Winnipeg, Man., Sept. 15, '04.—Inactivity of the opposing armies of Russians and Japs continues and no fighting or action is reported. Information coming from an authoritative source in St. Petersburg is that the Russians will winter in Harbin, but the fact that there probably will be two months of good weather favorable to operations before the cold sets in leaves room for a revision of the purpose in the light of events that may transpire.

JAPS ARE COLLECTING MANCHURIAN TAXES

The Japanese are reported to be collecting taxes and otherwise administering affairs in Manchuria as though that country were conquered territory.

KUROPATKIN SHIFTS THE BLAME

The publication of Gen. Kuropatkin's report of the fighting from August 26 until the retreat upon Mukden, has secured his footing in St. Petersburg. The report distinctly places upon Gen. Orloff the responsibility for the failure to hold the heights in the vicinity of Skaiwantun, and so check the Japanese advance.

C. P. R. PRESIDENT

And Party Visit Edmonton. Refrain From Making any Definite Announcement but Presumably Intend Entering Edmonton Shortly.

Sir Thomas Shaughnessy, President of the C.P.R., and his inspection party arrived in Strathcona yesterday afternoon at about three o'clock by a special train of five handsome cars. The party consisted of Sir Thomas Shaughnessy, President of the C.P.R., E. B. Osler, R. B. Angus, Sir George A. Drummond, Director of the Bank of Montreal; Wm. White, second Vice-President of the C.P.R.; G. J. Bury, General Superintendent; and W. F. Tye, Chief Engineer of the C.P.R. R. R. Jamieson, Superintendent of the western division of the C.P.R.; R. Hosmer, a director of the Merchants' Bank, and other western divisional officials.

The party secured carriages and drove to Edmonton immediately after arriving. Sir Geo. A. Drummond, R. B. Angus, directors of the Bank of Montreal, and C. R. Hosmer, director of the Merchants' Bank, accompanied by E. C. Pardee, manager of the local branch of the bank of Montreal, were in one of the carriages. They inspected the new Bank of Montreal, the brickwork of which has been completed. Mr. Hosmer called on A. C. Fraser, local manager of the Merchants' Bank. After a short drive about the city the party returned to their car.

The rest of the officials drove to McDougall & Secord's store, and in company with R. Secord, M.L.A., walked up First street to the site of the Canadian Northern Railway station grounds. Returning, the party drove west along Jasper avenue to ninth street to the block of undivided property belonging to the Hudson's Bay Company just north of Jasper avenue and separated from it by a single row of lots. It has

been generally believed that this property was being held for the C.P.R., and the C.P.R. officials in the city yesterday referred to it frequently as their station and spoke as if arrangements had been made to have the station fronting on Jasper avenue. The party expressed themselves well pleased with this property as a station site, and contrasted it with the other station site already located in the city.

Both parties expressed themselves as delighted with the appearance of the country generally, and with Edmonton's prospects. Some of the officials of the Bank of Montreal were visiting Edmonton for the first time, and were surprised and delighted with the town and with the country from Red Deer north.

The party are taking an inspection trip over the C.P.R. lines in the West. They were reticent about making any definite statement as to any improvements that might arise from the trip. No word was spoken of a high level bridge, but from what statements were made one would naturally infer that a high level bridge at the site of the surveyed crossing of the Saskatchewan near the foot of Ninth street, was contemplated.

C. R. Hosmer, former manager of the Canadian Pacific Telegraphs, who is now President of the Ogilvie Flour Mills Company, and a director of the Canadian Pacific Railway, is taking the present trip through the West largely in the interests of the Ogilvie Milling Company.

Sir Thomas Shaughnessy made no definite announcement regarding C.P.R. intentions as to Edmonton, but an announcement is looked for shortly.

JOHN CAMERON & CO

H. B. BLOCK**CONSTRUCTION WORK**

Is proceeding rapidly since arrival of iron structural work. Will be a fine structure

Since the arrival of the heavy iron structural work for the Hudson's Bay Company's new block, work is proceeding rapidly. An increased force of men have been put on and everything possible is being done to push the building through to completion with regard to thorough workmanship.

This handsome block is situated on the corner of Third street and Jasper avenue, will be one of the finest structures in the city. It will consist of a large full sized basement and three storeys. The brick foundations have been laid, and part of the brick work of the second and third storeys have been completed. Although the building, as it will be constructed now will consist of three storeys, a very significant fact is that the brick foundations of the block have been made sufficient for a five or six storey building. The block will have one hundred and three feet frontage on Jasper avenue and one hundred feet frontage on Third street. It will be constructed of pressed brick with Calgary stone finish. During the recent visit of the Hudson's Bay Commissioner, C. C. Chipman, of Winnipeg, to the city, he inspected the building and stated that Edmonton pressed brick was of a finer quality and appearance than any he had seen elsewhere. A freight elevator will be installed in the block, and provision is being made for a passenger elevator at a later date. The building will be heated by steam and two large boilers have been installed in the basement. A dynamo for electric purposes, will be installed, although it is not yet decided definitely whether the company will light their own building or not. The dynamo will be on hand for any possibility. An electric cash system will be installed in the store, the two boilers having sufficient capacity for the operating of the electric cash system, the elevators and the electric lighting plant. The whole store will be fitted up in the most up-to-date fashion with all the modern conveniences. The electric lighting system is very elaborate.

The basement affords great store room space. In the basement will be situated the boilers and the electric light dynamo. The boilers have been bricked in and will be ready for use as soon as required.

The ground floor will have entrances leading from both Jasper avenue and Third street. The large main entrance will be finished with Calgary sandstone, rubbed, with rounded columns. There will be eight large plate glass windows on the Jasper avenue front, of the ground floor, and seven on the Third street front. These will afford abundance of light in the store. The ground floor, second and third storeys will be divided into the different departments, including dry goods, groceries, boots and shoes, gents' furnishings, hardware, etc. The new store will have several departments which are not in the old store. A large portion of the second floor will be devoted to the display of household furnishings, such as carpets, wall papers, etc. There will also be a millinery and a dress-making establishment in connection with the store.

The offices of the Co. will be on the ground floor at the rear. Provision has been made for ample office room and the old Hudson's Bay Fort offices will be moved to the town store. Adjoining the offices the large brick vaults have been constructed. The company intend making this store the great distributing point and their headquarters for all supplies for the Peace river and Athabasca river districts.

This large block will be a handsome one in every particular, and reflects great credit on the town as well as on the company.

May & Co., Edmonton, are the contractors.

Care of Currants and Gooseberries

Nor-West, Farmer:

These fruits are natives of northern latitudes, and there is no reason why every farmer in this country should not now have a goodly number of bushes about his house. They require less attention than most other fruits, and their reliability and fruitfulness make them about the most profitable of cultivated fruits. While it is true that anyone who selects the right varieties can grow currants and gooseberries, still there is a wrong way even to do this, and the following pointers from E.B. Waldron, of the North Dakota experimental station are of value.

These fruits do best only in a heavy moist soil in a cool location, and one is not likely to hurt his prospects for fruit by having the soil too rich. Set them four by eight feet apart and give them the same clean tillage that all fruits should have. They require no protection in the winter, but a good covering of mulch is an advantage in dry open winters. If the ground is very free from grass and weeds this may be left on for a time, cultivation meanwhile being omitted.

Success with currants and gooseberries depends largely on pruning, the common error being to allow the plants to become too thick. About six or eight well grown canes will yield more and better fruit than a large number, and the picking and cultivation will also be easier. Canes should be removed when four years old and enough new ones allowed to take their place, but no more. With eight canes to a plant, removing two old ones, and allowing two new ones to grow each year keeps the number constant.

In this latitude the canes are not likely to grow too tall, but at any rate they should be kept to a height not exceeding three feet, and if they show a straggling habit should be pruned to make them trim and upright.

Canadian Made Rifles

Ottawa, Aug. 24th.—Colonel Robert Cartwright, of the Canadian musketry school, has gone to Quebec to inspect a lot of one thousand rifles made by the Ross rifle factory there for the Northwest Mounted Police. This is a part of the order, which the Government has with Sir Charles Ross for the delivery of one thousand rifles monthly until the stock in the country is brought up to 100,000 service arms of the most modern and efficient type on the market. There will soon be an improvement added to the Canadian service rifle in the form of a better equipped device for sighting, by means of which marksmen also will be able to make due allowance for whatever wind is blowing. It was shown in the Palma trophy competition that the Americans had a distinct advantage over their Canadian rivals in the possession of wind gauges. Several sights and wind gauges have been brought to the attention of the Minister of Militia, and the best will shortly be selected and applied to the service of the Dominion, so that Canadian shots may suffer no handicap on the rifle range or on the field of battle.

Just a few words further about

Steel Ranges

Ross Brothers, Limited, have Steel Ranges from \$30 to \$60. They have a first class full No. 9 Steel Range,

Made in Canada

With Copper Reservoir, High Enclosed Closet, fitted to burn either wood or coal at \$48. This Range has an extra large fire box and is well suited for town or country use. We also have ranges without high closets very much cheaper, that have very large ovens, large fire places and are built especially for farmers use.

It seems absurd to us that Steel Ranges can be sold at prices nearly double what we are asking, that have not got nearly as many good points to recommend them as our \$48 Ranges. Our \$48 Range is heavier, larger both in oven and fire place,

And we Guarantee

That our Castings will not warp out of shape nearly as soon as some of the much vaunted higher priced Cook Stoves or Ranges

Why, you fit up a whole kitchen with us for nearly the price you are asked for a Cooking Stove or Range alone. We will convince you of this fact if you want a Range and will be pleased to show you the goods at our store.

Ross Bros., Limited.

SPORTS

LACROSSE MATCH

THE LAST OF THE SEASON

Ends in a Score of two all. Game was Close and Keenly Contested

What was probably the last lacrosse match of the season was played on Strathcona grounds yesterday afternoon commencing at 4 o'clock, between Edmonton and Strathcona. The first half of the game was played under favorable conditions, but during the last half showers of rain fell and the ground was in a very slippery condition, rendering effective playing an impossibility. On the whole the game was keenly contested and was almost anybody's, although Edmonton had numerous opportunities at their opponents' nets of which they did not take full advantage. At times they played in hard luck; After the completion of one full hour's playing both sides had scored two goals. R. Dewar, referee, of Edmonton, wished to have the game played out and the tie settled, but the Strathcona captain declared otherwise, and the game was over.

Starting out each side took things easy. Edmonton gradually settled down to business and the ball was forced steadily down the field. Thom secured on the wing and sent it in to Nott who scored with a pretty shot.

This livened things up considerably and Strathcona attempted to force matters. The play continued with alternating success, both Renton and Harper stopping some pretty shots. Richards took an easy shot on Edmonton goal and the ball rolled from Harper's stick, struck him and rolled into the net, scoring Strathcona's first goal, and making the score one all.

Shortly after playing was resumed Pearson was checked closely by Campbell, and accidentally receiving a knee in the stomach was knocked out. A couple of doctors were on hand and attended to him. After a few minutes he regained consciousness and was carried from the field. Strathcona dropped Jim Blain and the game proceeded.

A few minutes of easy playing, and the first quarter was at an end.

The second quarter was Edmonton's from first to last, although Harper was called on to stop a couple of very pretty shots, which he did properly. The Edmonton boys played a heady game while Strathcona depended more on long throws and heavy checking of the man. Thom passed the ball in to Nott, who again succeeded in doing the trick, making the score two to one in Edmonton's favor. Half time soon followed.

The third quarter was mostly Strathcona's, and Richards scored one goal from a close on shot, making the score two all. Playing continued in Edmonton territory during most of the third quarter.

The last quarter was decidedly Edmonton's, the boy's all but scoring several times. Leask, of Leduc, who played for Strathcona, saved their nets time after time. No goals were scored during the rest of the game and it closed two all.

The Edmonton team were off color to a certain extent, due largely to no team practice, and from not keeping in training. The Strathcona aggregation are a bunch of husky players, and are fast runners, but attempt very little head work at all.

Although it was civic holiday in Strathcona not more than a couple of dozen grown-ups, and a few boys, witnessed the match, which will probably be the last of the season

The line-up was as follows:

Edmonton	Strathcona
Goal.	Renton
Point.	Leask
Cover Point.	Barker
Defence Field.	Grundy
Milne	Ritchie
Maveety	Duggan
Banford,	
Centre.	Blain

THE GUM
REMOVED

THE microscope shows each leaf of tobacco is covered with long soft hairs which exude a viscid juice.

This is called the gum, and it covers the surface with a moist glutinous exudation.

Tobacco, to be good, must have all this gum driven out.

In Manicaragua I procure tobacco that has all this gum "sweated" by the natural heat of the climate.

Only the dry, well matured leaf remains—the leaf that when I age for three years will give a cool, fragrant smoke—odorous and aromatic—that's the characteristic odor of my Pharaoh.

THE G. T. P.

The Grand Trunk Pacific party passed through Calgary yesterday evening. As arranged when the party were in Edmonton, Mr. Morse wired Mayor Short from North Bend on Wednesday that the party would pass through Calgary on Thursday afternoon. The telegram did not reach the Mayor until after nine o'clock on Thursday morning. As the C. P. R. train leaves Strathcona at 8:30 it was then impossible for him to reach Calgary in time to meet the party.

An arrangement had been made for a meeting between the Mayor and Mr. Hayes in reference to the proposed location of the Grand Trunk divisional facilities at Edmonton.

PERSONAL

Mr. and Mrs. Jas. M. Vay left this morning for Lacombe.

W. J. McNamara of Wetaskiwin arrived in the city last night and returned south this morning.

Miss Colquhoun, who has been visiting her sister, Mrs. Seoble, left for her home in Winnipeg on Monday.

Mrs. Fred Morris and Miss McDougall of Port Arthur, who have been visiting Mr. and Mrs. J. H. Morris, left for home this morning.

Dr. Stalker of the First Presbyterian Church, of Calumet, Michigan, arrived in the city last night and is visiting at Mrs. Malcolm McCrimmon's and other friends in the city. Dr. Stalker returns south to-morrow morning.

K. W. McKenzie returned Wednesday evening from an extended stay in Toronto, Ontario. While much better in health generally he has not yet fully recovered from the results of the operation he underwent in Toronto.

JAPANESE TEA

A very successful Japanese tea was given in the school room of All Saints' church yesterday evening. There was a fair attendance, the disagreeable weather keeping many away who would otherwise have been present. A number of young ladies dressed as Japanese Geisha girls, served tea, ice cream, candy and other refreshments. An orchestra rendered suitable music and a very delightful time was spent by all present.

INTERESTING JUDGMENT

His Worship Judge Scott handed down the judgment in the case of Oschner v. Jas. A. Powell, N. D. Mills, et al. yesterday. In regard to the action against N. D. Mills, the case was dismissed without costs. In the action against Jas. A. Powell et al, the case was dismissed with costs.

Auction Sale of School Lands

Public notice is hereby given that auction sales of School Lands will be held in Western Alberta as follows—Edmonton, Wednesday September 28, 1904 at 10 o'clock a.m.

Leduc, Monday October 3rd, 1904 at 10 o'clock a.m.

Wetaskiwin, Thursday October 6, 1904 at 10 o'clock a.m.

Lacombe, Monday October 10, 1904 at 10 o'clock a.m.

Innisfail, Thursday October 13, 1904 at 10 o'clock a.m.

Didsbury, Monday October 17, 1904 at 10 o'clock a.m.

Calgary, Thursday October 20, 1904 at 10 o'clock a.m.

High River, Monday October 24, 1904 at 10 o'clock a.m.

Pincher Creek, Thursday October 27, 1904 at 10 o'clock a.m.

These lands are situated, generally speaking, within a distance of from twelve to twenty miles of the Calgary and Edmonton Railway and of the Crow's Nest Pass branch of the Canadian Pacific Railway.

They will be sold without regard to persons who may be in illegal occupation of the same, but such persons will be allowed a period of thirty days after the sale within which to remove buildings and other property.

TERMS OF PAYMENT
One tenth in cash at time of sale and balance in nine equal annual instalments with interest at the rate of five per cent per annum on the balance of the purchase money from time to time remaining unpaid, except in cases where the area of land sold does not exceed forty acres, in which case the terms of payment shall be one-fifth in cash and the balance in four equal annual instalments with interest at the rate of five per cent per annum. The second instalment with interest will be payable on the 1st November, 1905, and the remaining instalments yearly from that date. Scrip or warrants will not be accepted as payment.

Upon a parcel of land being knocked down the purchaser shall immediately deposit the sum of One Hundred dollars with the clerk of the sale or otherwise the parcel will be at once put up again. For this purpose intending purchasers should provide themselves with marked cheques on chartered banks of Canada made to their own order and payable at par at the point of sale, or with bank notes of as large denomination as possible. The balance of the cash instalment must in every case be paid before the close of the sale. The deposit of one hundred dollars will be forfeited and the land withdrawn from sale.

Lists of the lands to be sold may be had on application to "The Secretary, Department of the Interior, Ottawa, or to any agent of Dominion Lands in Manitoba or the North-West Territories.

By order,

P. G. KEYES,

Secretary,

Department of Interior.

Ottawa, 27th August, 1904.

THANKSGIVING DAY

HAS BEEN SET

Thursday, November 17th, will be set aside for special Thanksgiving throughout Canada.

Bulletin Special Dispatch.
Ottawa, Sept. 15th.—At to-day's cabinet meeting an order-in-council was passed appointing Thursday, November 17th, a day of thanksgiving throughout the Dominion.

COL. PERCY LAKE

MAY BE APPOINTED

Chief of the Staff of the Proposed Military Council. Promotion for Lord Aylmer.

Bulletin Special Dispatch.
Ottawa, Sept. 15th.—The Minister of Militia received a cable from Col. Percy Lake, intimating his willingness to accept the appointment of chief of staff of the proposed military council.

Lord Aylmer, the present Adjutant General, will be promoted to the office of Inspector General which carries with it a salary of \$6000. He will be responsible for discipline of forces.

TUCK'S INLET

MAY BE THE TERMINAL

Of the Grand Trunk Pacific Transcontinental Railway. Favored by Hayes.

Bulletin Special Dispatch.
Ottawa, Sept. 14th.—The Cabinet Council met this afternoon.

Word comes from Victoria that President Hayes and Grand Trunk Pacific party have returned by the government steamer Quadra from their tour of inspection of the British Columbia coast with a view of selecting a terminal port for the Grand Trunk Pacific railway. Mr. Hayes is greatly impressed with the suitability of Tuck's Inlet, a harbour about twelve miles south of Port Simpson, and believed to be much easier of access by rail from the east than is the water front of the latter port.

MAN GOES WRONG

GRAIN BUYER

Is claimed to be thousands of bushels short. Behind in lumber accounts also.

Bulletin Special Dispatch.
Winnipeg, Sept. 16th.—V. Herman, buyer for the Canadian Elevator Company at Eden, Manitoba, was arrested in Winnipeg charged with embezzlement. He is said to be 7000 bushels wheat short, some being the company's wheat and some belonging to A. M. Newell, and other Eden farmers.

Herman came here two years ago from Iowa building elevators for the Company, remained as buyer at Eden, where he sold lumber for them also and the Company claims he is short in lumber accounts also.

INSTANTLY KILLED

C. P. R. SECTION WORKMAN

Thrown From a Hand Car Across the Rails and Meets Instant Death.

Bulletin Special Dispatch.
Winnipeg, Sept. 14th.—Salvin De Oba fell off a hand car between here and Rat Portage. He was thrown across the track and instantly killed.

BOILER EXPLOSION

IN ROLLING MILLS

At Sunnyside Ontario. One Killed and Others Seriously Injured.

Bulletin Special Dispatch.
Toronto, Sept. 14th.—A boiler exploded in the Sunnyside rolling mills this afternoon killing one man, blowing both legs and arm off another, crushing the head of a third and injuring many others.

STEAMBOAT SERVICE

DOMINION GOVERNMENT

Has arranged a regular steamboat Service between Canada and Mexico.

Bulletin Special Dispatch.
Sept. 16th.—A contract has been entered into by the Dominion government with a Scotch firm for a steamship service between Mexico and Canadian ports on the Pacific. The service is subsidised by Canada and Mexico, the Canadian government gives \$50,000 and the Mexican government \$50,000 a year. Service will be monthly.

Vancouver is the principal port of call in Canada. If the Mexican government will join, a similar service will be established on the Atlantic.

FIRE IN HALIFAX

VERY HEAVY LOSS

Fire Breaks out during terrific wind storm and spreads rapidly.

Bulletin Special Dispatch.
Halifax, N. S., Sept. 15th.—With a gale sweeping over the city at the rate of 52 miles an hour, fire broke out this afternoon in block one, Water street, bounded by Sacville and Prince streets.

The gale was from the southwest, and was so severe that it was hard for pedestrians to keep their feet. Under such circumstances the flames spread north and south with frightful rapidity and an hour after the alarm a score of buildings were ablaze. Many of them were reduced to ashes. Two hours after the outbreak the wind died out and carried the flames away from the city and toward the harbor. Had it been from the eastward the destruction must have been complete. As it is the loss will amount to \$250,000.

NEWS OF THE WORLD

IN BRIEF PARAGRAPHS

Condensed Dispatches Dealing With the Day's Most Important Happenings.

Winnipeg, Sept. 15th.
Dan Patch will recover from his serious illness.

Revillon Brothers, Limited.

THE C. P. R. HOLD-UP.

Many rough characters and men outlawed for some reason or another inhabit the region 30 miles south of the scene of the hold-up of the C. P. R. train near Mission Junction. If the men get into that part of the country they will be among friends. It is thought that a desperate fight will follow any collision of the authorities with the robbers. These men have been known to daringly resist the efforts of railroad detectives when cornered.

The authorities in Washington and Oregon have been warned by the Canadian authorities. They are expected to furnish any assistance in their power. The Northern Pacific Great Northern and Union Pacific bandit hunters are in a hot chase these men down because they are operating in the territory of these lines. This is the real game and much amusement is expressed that they have not yet penetrated the Canadian border.

In the pioneer days of the C. P. R. nothing of this kind was ever attempted and while the express car of the road is operating parallel with the Canadian border are equipped with small arsenals and "brought messengers" for the protection of the treasure train, no such precautions have ever been found necessary on this side. While some private arm were in the express car the men are not supposed to be on the alert for such things. Therefore when the train stopped none of the employees making that a regulation train and about going was in charge.

LITTLE'S BRICK YARD.

J. B. Little has closed down his brick yard for the season. The present year has been the most successful in the history of the yard. The weather has been most favorable for brick manufacture and large quantities have been made. The total output for the season is estimated to be close to 2,500,000 brick. A new brick making plant had been installed and about forty-five men were kept regularly employed throughout the season, at one time as many as fifty-one men were engaged. The greatest daily output of the yard was 71,000 brick. Mr. Little's contracts in the city for an aggregate of over two million brick. He has shipped 75,000 brick to Calgary this year and is about to fill a recent order for 120,000 more. Fire was started this week to a kiln containing 250,000 brick and there are still two more kilns to burn this fall. A second brick yard has been in operation in the east end this year. In July Messrs. Monson and Summers started a yard and made about forty thousand brick. They have closed down for the season.

The Canadian Northwest Homestead Regulations

Any even numbered section of Do-
minion Lands in Manitoba or the
Northwest Territories, excepting 8
and 26, which has not been home-
steaded, or reserved to provide wood
lots for settlers, or for other pur-
poses, may be homesteaded upon by
any person who is the sole head of a
family, or any male over 18 years of
age to the extent of one quarter sec-
tion, of 160 acres, more or less.

ENTRY.—Entry may be made per-
the district in which the land to be
taken is situated, or, if the home-
steader desires, he may, on applica-
tion to the Minister of the Interior,
Ottawa, the Commissioner of Immi-
gration, Winnipeg, or the local agent
for the district in which the land is
situated, receive authority for some
one to make entry for him. A fee
of \$10.00 is charged for a homestead
entry.

HOMESTEAD DUTIES.—A settler
who has been granted an entry for a
homestead is required by the pro-
visions of the Dominion Lands Act
and the amendments thereto, to per-
form the conditions connected there-
with, under one of the following
plans:

(1) At least six months' residence
upon and cultivation of the land in
each year during the term of three
years.

(2) If the father (or mother, if the
father is deceased) of any person who
is eligible to make a homestead entry
under the provisions of this Act, re-
side upon a farm in the vicinity of
the land entered for by such person
as a homestead, the requirements of
this Act as to residence prior to ob-
taining patent, may be satisfied by
such person residing with the father
or mother.

(3) If a settler has obtained a pa-
tent for his homestead, or a certifi-
cate for the issue of such patent,
countersigned in the manner pre-
scribed by this Act, and has obtained
entry for a second homestead, the
requirements of this Act as to resi-
dence prior to obtaining patent may
be satisfied by residence upon the
first homestead, if the second home-
stead is in the vicinity of the first
homestead.

(4) If the settler has his permanent
residence upon farming land owned
by him in the vicinity of his home-
stead, the requirements of this Act
as to residence may be satisfied by
residence upon said land.

The term "vicinity" used above is
meant to indicate the same township
or an adjoining or cornering town-
ship.

A settler who avails himself of the
provisions of Clauses 2, 3, or 4, must
or substitute 20 head of stock, with
buildings for their accommodation,
cultivate 30 acres of his homestead,
and have besides 80 acres substan-
tiated.

The privilege of a second entry is
restricted by law to those settlers
only who completed the duties upon
their first homesteads to entitle
them to patent on or before the 2nd
June, 1889.

Every homesteader who fails to
comply with the requirements of the
homestead law is liable to have his
entry cancelled, and the land may be
again thrown open for entry.

Application for patent should be
made at the end of three years, be-
fore the local agent, sub-agent, or
Homestead Inspector. Before making
application for patent the settler
must give six months' notice in writ-
ing to the Commissioner of Dominion
Lands, at Ottawa, of his intention
to do so.

Information.—Newly arrived immi-
grants will receive at the Immigra-
tion Office, in Winnipeg, or at any
Dominion Lands Office, in Manitoba
or the Northwest Territories, infor-
mation as to the lands that are open
for entry, and from the officers in
charge, free of expense, advice and as-
sistance in securing land to suit them.

Full information respecting the land,
timber, coal and mineral laws, as well
as respecting Dominion Lands in the
Railway Belt in British Columbia,
may be obtained upon application to
the Secretary of the Department of
the Interior, Ottawa, the Commis-
sioner of Immigration, Winnipeg,
Manitoba, or to any of the Dominion
Lands Agents in Manitoba or the
Northwest Territories.

JAMES A. SMART,
Deputy Minister of the Interior.
N.B.—In addition to Free Grant
Lands to which the regulations above
stated refer, thousands of acres of
most desirable lands are available for
lease or purchase from railroad and
other corporations and private firms
in Western Canada.

LONDON, PARIS, NEW YORK AND EDMONTON

LOCAL

—October 1st is a day for donations for the public hospital.

—There will be a full rehearsal of the Confederate Spy this evening at 7.45 at the Thistle Rink, and all taking part please be in attendance.

—Harvey Pearen, who was badly hurt in yesterday's lacrosse match in Strathcona still feels the result of the accident. He has been confined to his room all day.

—One day last week W. Rowland, of Turnip Lake, was nearly struck by a rifle bullet while employed about his stables. The shot was fired by some careless sportsman.

—Saskatoon Phenix: The C.N.R. bridge contractors are having splendid weather for hauling out their timber and piles to the Elbow. Forty-seven teams are on the work at the present time, and coal, cement, etc., is moving out in large quantities.

—S. Calvert's new hotel building at Wostok was burned to the ground on Saturday morning last. It was a two storey frame and was almost completed. The loss will be about \$1,500, no insurance. Cause of fire unknown as the fire started in the night. Another building will be erected at once.

—Going's Grand Trunk survey party, who have been running lines recently between St. Albert and Lake St. Anne, have returned to St. Albert. The line passes north of Little Devil's Lake and Lake St. Anne. Callahan's party is working on the Athabasca near the junction of the McLeod.

—Rev. John McDougall and Mrs. McDougall, of Calgary and Rev. Goro Kaburagi, M.A.B.Sc., of Vancouver, B.C., arrived in the city last night and left to-day for Whitefish Lake for a two weeks' trip. Mr. McDougall is superintendent of the Methodist Indian Missions and is now on his annual mission tour.

—John Harold, sr., of the Sturgeon, is in the city to-day. The farmers in that district are busy cutting their oats, the light rains not interfering with harvesting operations. The light frost of the night caused no damage except to a few fields of very late oats. Wheat and barley are all in the stock and stacking will soon be general. A large proportion of the oat crop has been cut and is in stock. The outlook in the district is most bright.

—Saskatoon Phenix, Sept. 2nd: The work on the new bridge started on Saturday morning last with the boring machine making tests for the foundations of the piers. Horse power was tried for the first two days, but was unsatisfactory. A gasoline engine was placed in position on Wednesday morning with much better results. The required depth thirty-four feet, was soon reached on the north side where a splendid bottom was found. It is believed by the residents that the same class of foundation will be found right across the river. One reason given is that in driving the piles of the present structure the same bottom was found on both sides. A raft has been constructed and they are now working on that structure.

PERSONAL

Rev. Father Lizee of Lake St. Ann, was in town yesterday.

Rev. Goro Kaburagi, M.A.B.Sc., a Japanese clergyman of Vancouver, B.C., is in the city to-day.

R. C. Watson and G. McDonald arrived in the city yesterday from Pembina.

Mrs. Wm. Storie returned on last evening's train from a visit to friends in Manitoba.

Collie Johnston, T. Favel and G. Erasmus left yesterday morning for the Landing and Wabiscow to trade for the winter.

Dr. J. G. Rutherford, chief veterinary inspector for the Dominion government, is in town to-day in connection with his duties. He has been engaged for several weeks in the range country establishing quarantine stations along the boundary and in other work.

ATHABASCA LANDING TELEGRAPH OFFICE

W. McKay returned yesterday from installing the telegraph office at Athabasca Landing. The office was opened on Tuesday. It is temporarily in the police barracks, and Jas. McKernan is operator. This office is the most northerly telegraph station east of the mountains. It is one

east of the mountains. It is one and is at the point at which all the freight destined for points on the Peace river, the Athabasca and Mackenzie rivers, is transferred from wagon to boat. The telegraph office will be a great advantage in handling the northern trade. The rate is 25 cents for ten words, and two cents for each word over ten.
